

SMICS Playground NEWSLETTER

In the News

Our School Council has great news to share as we move forward with the rejuvenation of our grounds. A recent application for \$3450 was submitted to TD Friends of the Environment Foundation to continue the naturalization

**Friends of the
Environment
Foundation**

program being developed by the Playground Inspiration Committee. The funds were approved at a recent meeting and will be made available for us to use for the planting of various native trees and shrubs. We would like to extend a huge thank you to **TD Friends of the Environment Foundation** for supporting this rejuvenation program.

The Playground Inspiration Committee would also like to thank our **School Council** for approving over \$2000 for various playground improvements such as 2 primary fun hoops and the painting of playground activities on the asphalt, look for these improvements in the near future.

We would also like to thank the **London Horticultural Society** for the donating, planting and maintaining of a new tree in our circular rest area.

Thank you to all our Supporters and Contributors, the School Council, the Staff, our Parent Groups and Community Members.

Corporate Contributors and Service Providers

- Thank you to the TD Friends of the Environment Foundation for their contribution of \$3450 to help our school's naturalization program. (May 2009).
- St. Michael Catholic School thanks the London Horticultural Society for the supplying, planting and maintaining of a new tree (May 2009).
- We would like to again thank Reforest London for the great learning experience they put together for the children last spring. The children had a great time planting and we hope to work again with them in the near future. (May 2008)

Community Contributors and Service Providers

- We would like to thank School Council and the parents of St. Michael's for their contribution of over \$2000 for various playground equipment and activities. (April 2009)
- To all the parents of St. Michael's who have come out to various playground planting activities over the past year, your continued support is greatly appreciated.
